ON ARRIVAL

Please arrive at least half an hour prior to your booking time. This will give us time to have you paid, waiver forms signed, players geared up and briefed before the session starts. If you are late, everything will cut into the session time and no extra time will be given.

CLOTHING

It is always best to wear thicker layers in the winter and thinner layers in the summer. We recommend wearing long sleeved tops (jumpers/hoodies) and trousers. Overall hire are available for \$5 per player. Covered shoes (preferably trainers, soccer/rugby boots or gummies are a must. Players will get dirty so old clothes and shoes are better.

SAFETY

All players are given a briefing about safety and proper equipment use prior to starting their first game to ensure that they are capable of playing paintball safely.

WEATHER

Please remember that we are a full outdoors facility. Weather will only affect bookings if it's consistently torrential. Other than that we are open but will advise customers if we are closed for the day.
